Re: NPDES Permit No. **AK-G52-0040**, Notice of Coverage and Authorization to Discharge

Dear Mr. Bahrt:

The U.S. Environmental Protection Agency (EPA) has received and reviewed your Notice of Intent (NOI) to be covered by the NPDES Permit AK-G52-0000, the general permit for Alaskan seafood processing facilities. This permit was issued and became effective on July 27, 2001. Your unique identifier under this general permit is provided above and on the enclosed title page of the permit. Please use this designated number in any correspondence with or reporting to EPA and the Alaska Department of Environmental Conservation (ADEC). Additionally, ascertain that you have submitted a copy of your NOI to ADEC.

The permit includes an **effluent treatment requirement** of grinding solid seafood processing wastes to one-half inch in all dimensions before discharge, an **effluent limit** of 10 million pounds of seafood processing waste residues per calendar year, a **prohibition on the discharge of petroleum**, hydrocarbons, oil and grease, and a narrative limit on the violation of Alaska Water Quality Standards (see Part II). The permit requires that you develop and implement a **best management practices plan** that controls and reduces pollutant discharges at your site (see Part VI.A). The permit requires that you submit an **annual report** on seafood processing activity, discharges, noncompliance and process changes (see Part VI.B). The permit requires that you **conduct periodic monitoring of the sea surface, seashore, and seafloor** in accordance with your type of facility (see Parts VI.C and D).

We ask for your careful review of the various areas throughout the State of Alaska which are excluded from coverage by this NPDES general permit due to their characteristics as either special or impaired habitat. Your waiver request to discharge in an excluded waterbody, to discharge to waters less than 60' MLLW, has been granted.

Any report of noncompliance with permit requirements is to be reported by telephone to EPA at (206) 553-1846 and Katy McKerney of ADEC at (907) 465-5302.

A copy of the enclosed title page and this authorization letter together with the entire general NPDES permit no. AK-G52-0000 must be kept at both your operations site and your business office. If you have any questions, please call Lindsay Guzzo at (206) 553-0268 or Tara Martich at (907) 271-6592.

Sincerely,

Michael Lidgard
Manager, NPDES Permits Unit

AUTHORIZATION TO DISCHARGE UNDER THE
NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM FOR

Ed Bahrt Management Company LLC
Pelican Seafoods

In compliance with the provisions of the Clean Water Act, 33 U.S.C.A. § 1251 et seq. (hereafter, CWA or the Act), the owners and operators of the seafood processing facilities that are described in Part I of this general National Pollutant Discharge Elimination System (NPDES) permit are authorized to discharge seafood processing wastes and the concomitant wastes set out in Part II of this Permit to waters of the United States, except those excluded from authorization of discharge in Part III of this Permit, in accordance with effluent limitations, monitoring requirements and other conditions set forth herein. The discharge of wastes not specifically set out in Part II of this Permit is not authorized under this Permit.

Upon the effective date of this Permit, it is the controlling document for regulation of seafood processing wastes and other designated wastewaters in the State of Alaska discharged by authorized facilities in accordance with this Permit.

This Permit shall become effective July 27, 2001.

This Permit and the authorization to discharge shall expire at midnight July 27, 2006.

Signed this 18th day of
