RE: City and Bureau of Juneau, Lemon Creek Stockpile
Spill number: 94110108101

Dear Mr. Zeman:

Thank you for supplying the department with some additional information concerning the City and Bureau of Juneau's Lemon Creek Stockpile site. Based upon the information known at this time, with the contaminated soil having been incorporated into a street bed and covered with asphalt, no further action on this site is requested by the department. However, in the future, if contamination exceeding regulatory soil and groundwater cleanup standards is identified to be associated with this site, additional work may be necessary.

If you have any questions concerning this site, please contact me at (907) 766-3184.

Sincerely,

Anne Marie Palmieri
