RE: AVIS Rent-A-Car – Sitka, Spill #98-12-00-057-01
UST Fac. ID #1568
No Further Action Determination

Dear Mr. Zimmerman:

On February 26, 1998, the Alaska Department of Environmental Conservation received the February, 1998 Closure Report, Underground Storage Tank, AVIS Rent-A-Car, Sitka, Alaska, for the above referenced facility. AGRA Earth & Environmental, Incorporated, prepared this report for AVIS. The report covered the closure and closure assessment of a 2000 gallon underground storage tank (UST), which contained gasoline.

This information has been reviewed for consistency with the provisions of 18 AAC 78, Underground Storage Tanks. Based on the information provided in this report, we have determined that no further assessment or cleanup work is required regarding the release associated with this underground storage tank system (release identified by Spill #98-12-00-057-01).

For future reference, all records regarding this UST site have been routed for filing in this office under the file name "AVIS Rent-A-Car – Sitka, Spill #98-12-00-057-01, UST Fac. ID #1568". Thank you for your cooperation in complying with the department's closure and site assessment regulations pertaining to this UST facility.

If you have any questions regarding this correspondence, you may contact me at 262-5210, ext. #250.

Sincerely,

Paul D. Horwath

Paul D. Horwath, P.E.
Environmental Engineer
