SUBJECT: Chevron Station #9171 (Jewel Lake & Raspberry) site - No Further Action
Spill #: 89-2-1-1-191-1 File #: L10.05

Dear Mr. Briggs:

The Department has completed the review of the information you submitted and the file regarding the former underground storage tank(s) at the above referenced site. Based on the information you presented and the information contained in our file, no further action is required for clean-up of the site.

Should contaminated soil or water be discovered on the site in the future, appropriate site assessment and cleanup will be required in accordance with applicable State regulations.

If you have any questions concerning this letter, please contact me at the Anchorage District Office at 349-7755.

Sincerely,

Robert Weimer
Environmental Specialist
