Subject: Donlin Gold - AQ0934CPT01 Third Extension Request and AQC Application

[Internal]

Mr. Plosay

Donlin Gold is hereby submitting a 3rd extension request for AQ034CPT01, and an Air Quality Construction Permit (AQCP) application package. See attachments to this email.
The AQCP application package includes the PSD Construction Permit Application Report, and appendixes. Attachment D1, in Appendix D of this report includes a link to download 418 MB of additional supporting electronic files (i.e., Emissions inventory workbook, and modeling files).
Please, let us know when ADEC has successfully downloaded the electronic files as we would like to remove the electronic files and free cloud storage.
Also, please let us know if you require hard copies of the attached documents.

We look forward to working with ADEC in the review and processing of the 3rd extension and AQCP application. Should you need any further information, please do not hesitate to contact me.

Quyana
