Division of Air Quality

Comment Form

DEC welcomes your comments on the proposed regulations. We will consider and respond to all comments when finalizing the regulations. Thank you for your input!

Name (required): Karyn Janssen

Address: 1100 Esro Road, FbKS, AK 99712

Date: June 25, 2019

Comment: I live outside the non-attainment area. I have never used wood to heat my home. I have a new high efficiency boiler (installed in 2017.)

However, if a 'borough wide ban' on #2 heating oil is instituted, I WILL install a wood burning stove. I live on 60 acres of trees and that wood is free!

Surely, that will make the problem worse - NOT Better
