STATE OF ALASKA
DEPARTMENT OF ENVIRONMENTAL CONSERVATION
ALASKA GASLINE DEVELOPMENT CORPORATION
LIQUEFACTION PLANT

The Alaska Department of Environmental Conservation (ADEC) has made a preliminary decision to approve Alaska Gasline Development Corporation's (AGDC's) application for Air Quality Control Construction Permit AQ1539CPT01 for the Liquefaction Plant.

Applicant: Alaska Gasline Development Corporation
PO Box 196601
Anchorage, AK 99519

Location: Nikiski, Alaska
Latitude: 60.6655° North; Longitude: 151.3593° West

Activity: The application for Construction Permit AQ1539CPT01 is classified under 18 AAC 50.306 to establish a new Prevention of Significant Deterioration (PSD) major stationary source to process, store, and load liquefied natural gas (LNG) for shipment of Alaska's North Slope natural gas to outside markets. The project is also classified under 18 AAC 50.316 as a major source of Hazardous Air Pollutants for formaldehyde and ethylbenzene.

Emissions: PTE for this source is 3,685 tpy for NO_x, 11,927 tpy for CO, 1,303 tpy for PM-2.5/PM-10/PM, 183 tpy SO₂, 24,655 tpy VOC, and 8,575,640 tpy for CO_{2e}.

ADEC Preliminary Review: Based on review of the application, ADEC drafted a preliminary permit decision for this project under AS 46.14 and 18 AAC 50.

Preliminary Construction Permit AQ1539CPT01 was originally open to public comment from September 11, 2020 to October 11, 2020. ADEC previously extended the public comment period by an additional 30 days to November 10, 2020 to grant more time for review, as was requested by the National Park Service and Sara Laumann on behalf of the National Parks Conservation Association. ADEC is now extending the public comment period by an additional 30 days to December 10, 2020 to allow the public extra time to see all the materials the applicant submitted, and the material used by ADEC to make a preliminary decision.

Available Information: Copies of the permit application, ADEC's preliminary permit and technical analysis report (TAR) are available at the following offices:

ADEC Air Permits Program, 410 Willoughby Avenue, 2nd floor, Juneau, AK 99801
ADEC Air Permits Program, 555 Cordova Street, Anchorage, AK 99501

The preliminary permit and TAR are also available at ADEC's website at:

Opportunity for Public Participation: Any interested person may present written statements

relevant to the preliminary decision within 90 days after the first publication date of September 11, 2020. ADEC will consider all comments received and make any changes ADEC finds beneficial or necessary to assure compliance with 18 AAC 50 or state law. ADEC will issue a final decision to issue or deny the permit after the close of the public comment period. Any person may request a public hearing and that hearing will be held if ADEC finds that good cause exists.

ADEC complies with Title II of the Americans with Disabilities Act of 1990. If you are a person with a disability who may need a special accommodation in order to participate in this public process, please contact Kate Orozco at (907) 465-6171 or TDD Relay Service 1-800-770-8973/TTY or dial 711 by the 45th day of this 60-day public comment period to ensure that any necessary accommodations can be provided.

Please direct written statements or requests relevant to the preliminary permit through the Air Quality Division's electronic comment submission web page at:

<https://dec.alaska.gov/Applications/Air/airtoolsweb/FormalComments>.

Comments or additional written requests relevant to the preliminary permit may also be submitted to Dave Jones at ADEC's office, by mail to PO Box 111800, Juneau, AK 99811, or send e-mail to dave.jones2@alaska.gov. Comments must be received by close of public comments period at 4:30 p.m. on December 10, 2020.
