Hello Kimi (*and Kelley*),

Please find attached the ADEC work plan review comments to Brice's 2019 GW Monitoring Work Plans for the 4 Kenai Gas Field Pad sites. The comments are provided in MS Word notes form, in an effort to be responsive to Brice's impending sampling schedule.

I can finalize these notes to a more formal presentation later. Feel free to call if you have questions or concerns.

Perhaps we can talk today, as I'm uncertain of the current schedule for mobilization to the Kenai Gas Field sites.

Best regards,

Paul Horwath, P.E.
