Anchorage, AK 99501

Re: **Draft Groundwater Monitoring Report Former Defense Fuel Support Point –
Port of Alaska Dated February 25, 2019**

Dear Ms. Walsh:

The Alaska Department of Environmental Conservation, Contaminated Sites Program (ADEC) received the above document for review and comment. ADEC agrees with the recommendation to continue yearly sampling of surface water until results from sampling locations are below cleanup levels for four consecutive sampling events as specified by the Record of Decision and in accordance with the 2017 First Five-Year Review.

If you have questions about this closure decision, please feel free to contact me at (907) 269-7552 or email me at louis.howard@alaska.gov.

Sincerely,

A handwritten signature in blue ink that reads "Louis Howard".

Louis Howard
Project Manager
