Re: Chevron USA Refinery-Nikiski
2018 Southern Plume Well Installation and PFAS Sampling Work Plan
ADEC Hazard ID: 313
ADEC Conditional Approval – Report Required

Dear Ms. Wong,

The Alaska Department of Environmental Conservation Contaminated Sites Program (ADEC), would like to thank you for submitting the September 17, 2018 Southern Plume Well Installation and PFAS Sampling Work Plan. This work plan was prepared by Trihydro Corporation and was received in our office on September 17, 2018. The work plan was approved on September 24, 2018 approved with the following conditions:

- 1) Please include monitoring well CMW-28 in the PFAS sampling to assure that wells down gradient from the fire training area have been sampled.
- 2) Follow the ITRC Site Characterization Considerations, Sampling Precautions, and Laboratory analytical Methods for Per- and Polyfluoroalkyl Substances for sampling).

Our office has not received a report on the results of this sampling. If this sampling has not been conducted, complete this sampling this field season and submit the sampling report to our office. If you have questions about this letter, or any other aspect of this project, please contact me at (907) 262-3412, or via e-mail at peter.campbell@alaska.gov

Sincerely,

Peter Campbell
