Re: TBE Machine ART 6th Annual Monitoring Report
ADEC Report Comments

Mr. Witsell:

The Alaska Department of Environmental Conservation, Contaminated Sites Program (ADEC) has completed a review of the TBE Machine ART 6th Annual Monitoring Report, dated February 2, 2012. The report was prepared by Arcadis. The report is approved.

Your consultant had recommended that sampling should be conducted on a bi-annual basis. The next sampling event would be in 2023. ADEC agrees with this recommendation.
