This email/letter acknowledges that you have submitted a complete Notice of Intent form to be covered under the APDES General Permit for Stormwater Discharges for Construction General Permit Activity (Construction General Permit). Coverage under this permit begins at the conclusion of your seven-day waiting period, on September 13, 2011.

As stated above, this letter acknowledges receipt of a complete Notice of Intent. However, it is not an ADEC determination of the validity of the information you provided. Your eligibility for coverage under the Permit is based on the validity of the certification you provided. Your signature on the Notice of Intent certifies that you have read, understood, and are implementing all of the applicable requirements. An important aspect of this certification requires that you correctly determine whether you are eligible for coverage under this permit.

As you know, the Construction General Permit requires you to have developed and begun implementing a Stormwater Pollution Prevention Plan (SWPPP) and outlines important inspection and record keeping requirements. You must also comply with any additional location-specific requirements applicable to Alaska. A copy of the Construction General Permit must be kept with your SWPPP. An electronic copy of the Permit and additional guidance materials can be viewed and downloaded at <http://dec.alaska.gov/water/wnpssc/stormwater/index.htm>.

For tracking purposes, the following number has been assigned to your Notice of Intent Form: AKR10DS97.

If you have general questions regarding the stormwater program or your responsibilities under the Construction General Permit, please call Greg Drzewiecki at (907) 269-7692.

Notice of Intent (NOI) for Storm Water Discharges Associated with Construction Activity Under an APDES Construction General Permit

SEP - 1 2011

Submission of this Notice of Intent (NOI) constitutes notice that the party identified in Section I of this form requests authorization to discharge pursuant to the APDES Construction General Permit (CGP). Submission of this NOI also constitutes notice that the party identified in Section II of this form meets the eligibility requirements of the CGP for the project identified in Section IV of this form. Permit coverage is required prior to commencement of construction activity until you are eligible to terminate coverage as detailed in the CGP. To obtain authorization, you must submit a complete and accurate NOI form. Refer to the instructions at the end of this form.

Instructions for Completing a Modification to an NPDES or APDES Notice of Intent (NOI)	
Use the form on the subsequent pages to indicate the items for which you are submitting this modification. Only enter information you wish to change. You may use this form to modify an NOI that you submitted to ADEC for coverage under the Construction General Permit (CGP). If you have any questions about modifying your NOI, call the ADEC Storm Water Program at (907) 269-8117.	
When Should You Modify Your Notice of Intent (NOI)?	
You can use this form to <i>update or correct</i> information on your NOI, including:	
<ul style="list-style-type: none"> • Owner/Operator address and contact information • Site information • Start or end dates • Small changes to the number of acres to be disturbed • Storm Water Pollution Prevention Plan (SWPPP) location and contact information 	
When must you Submit a Notice of Termination (NOT) Instead of a Modification Form?	
<ul style="list-style-type: none"> • The owner/operator has changed: You must submit an NOT when you transfer control of a site to a new owner/operator. The new owner/operator must then file a new NOI to obtain coverage under ADEC's CGP. Coverage is not transferable. • Significant changes in the land area disturbed: 1) If your original NOI indicated that the acreage of land to be disturbed was between 1 and 5 acres and now your project will disturb more than 5 acres, you should file an NOT to terminate your original NOI and file a new NOI for the larger project. Please note that the CGP has different provisions for small and large construction projects. 2) If your project was larger than 5 acres and the size of the project has increased by 50% or more, you should file an NOT to terminate your original NOI and file a new NOI for the larger project. 	
In both cases, your new NOI will be subject to the seven day waiting period and review by the U.S. Fish and Wildlife Service and/or National Marine Fisheries Service.	
Please submit this form with an original signature in ink – do not send a photocopy
