December 1, 2003

This letter is to remind you of your Pre-approved Limit reporting obligations and to assist you in complying with those requirements. Please be reminded that it is not necessary that you submit copies of fuel receipts along with the annual calculations. You are required only to retain the fuel receipts for five years, and make them available for department inspection upon request.

In accordance with applicable regulations 18 AAC 50.230(a)(b)(c)(1)(A)-(H) and (c)(2)(A)-(D), or 18 AAC 50.230(a)(d)(1)(A)-(D), (d)(2)(A)-(D), and your pre-approved limit, you have agreed to:

- Limit the quantity of fuel consumed in the equipment listed in your application during any consecutive 12 months to no more than the amount proposed in your application;
- Record the amount of fuel consumed in the equipment and calculate the total fuel consumed in the equipment during the preceding 12 months.

***OR (for gasoline distribution facilities)***

- Limit the quantity of gasoline transferred from tanks at the facility each day to less than 19,900 gallons;
- Record the amount of gasoline transferred from tanks at the facility each day.

By applying for and accepting the pre-approved limit, as opposed to a permit, you are obligated to report to the Department once a year the compliance status of your facility. To assist you in supplying the information required by your pre-approved limit certification, we are providing the attached forms. Please complete the appropriate form for your facility's pre-approved limit certification. These forms may also be downloaded from our web site:

<http://www.state.ak.us/local/akpages/ENV.CONSERV/dawq/aqm/applic.htm>

*Scroll down the page until you find the category "Preapproved Limit Requests."*

Please remember to submit copies each of the report no later than **January 31, 2004**. Submit to:

Department of Environmental Conservation  
Air Quality Maintenance  
610 University Avenue  
Fairbanks, AK 99709-3643  
Attention: Ms. Rusty Gesin
