## **Mars Snackfood recalls Dove Caramel Pecan Perfection ice cream**

### **Health risk: may contain peanuts not declared on the label**

The U.S. Food and Drug Administration is informing the public of a voluntary recall of Dove Caramel Pecan Perfection ice cream, lot number 931AB5YN07. The product is being recalled because it may contain peanuts not declared on the label. They could pose a risk to people with peanut allergies. More information on this recall can be found at <http://www.fda.gov/Safety/Recalls/ucm187949.htm>

The Alaska Department of Environmental Conservation has confirmed this product has been distributed in Alaska. No related illnesses have been reported.
