Carob Snacks Recalled for Possible Salmonella Contamination

(JUNEAU, AK) – Dancing Star LLC has issued a recall for various snacks because the products were made with carob powder that was part of a supplier’s recall due to possible Salmonella contamination.

Salmonella is an organism that can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain beginning 12 to 72 hours after infection. The illness usually lasts four to seven days. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis, and arthritis. People exhibiting any of these symptoms should contact their healthcare provider.

Affected products include the following, both sold in bulk and packaged under the Dancing Star and Rave Bites brand names:

Product	Size	Production Lot Number	UPC Code
