ADDITIONAL SITE SPECIFIC PERMIT REQUIREMENTS UNDER THIS AUTHORIZATION:

All monitoring and reporting requirements as well as effluent limitations as specified in the sections 1.5 and 1.6 of General Permit 0240DB004 must be followed during the authorization period. These sections include sampling requirements for the effluent. There is no record of sampling results having been submitted to ADEC from 2002 for this facility. Monitoring of the effluent is required twice per year under the terms of the General Permit. Failure to comply with the terms of the General Permit can result in a Termination of Activities as described in section 1.12 of the General Permit. All instances of noncompliance must be reported as required in section 1.8 of the General Permit. If you have any questions regarding this authorization or the requirements of the General Permit, please contact Shawn Stokes at 465-5366 or shawn_stokes@dec.state.ak.us.
