

STATE OF ALASKA  
DEPARTMENT OF ENVIRONMENTAL CONSERVATION  
Division of Water

AUTHORIZATION NUMBER **1006** UNDER EXCAVATION DEWATERING

**General Permit Number 2004-DB0101**

*See this General Permit for additional permit requirements*

THE FOLLOWING RESPONSIBLE PARTY IS AUTHORIZED TO DISCHARGE IN ACCORDANCE WITH THE TERMS OF GENERAL PERMIT 2004-DB0101, THE INFORMATION PROVIDED IN THE APPLICATION, AND ANY SITE SPECIFIC REQUIREMENTS LISTED IN THIS AUTHORIZATION:

First Name: **Robert**                      Last Name: **Lindsay**                      Phone Number: **503-797-3527**  
Company Name: **Fred Meyer Stores Inc.**                      Fax Number: **503-797-3539**  
Mailing Address: **3800 S.E. 22<sup>nd</sup> Avenue**  
City: **Portland**                      State: **OR**                      Zip: **97202**  
Email Address: **N/A**

**FACILITY:**

Facility Name: **Fred Meyer Gas Station**                      Phone Number: **N/A**  
Physical Address: **930 Old Steese Hwy**                      Fax Number: **N/A**  
City: **Fairbanks**                      State: **AK**                      Zip: **99701**  
Mailing Address: **N/A**

**FACILITY ONSITE CONTACT:**

First Name: **Eddie**                      Last Name: **Packee**                      Phone Number: **907-455-7225**  
Company: **Travis Peterson Environmental Consulting Inc.**

**AUTHORIZED DATES OF DISCHARGE:**

Beginning Date: **6/15/2004**                      Ending Date: **7/30/2004**

**AUTHORIZED DISCHARGE FLOW RATES:**

Average: **50,000**                      Gallons Per Day  
Maximum: **50,000**                      Gallons Per Day  
Estimated Total Discharge Volume: **100,000**                      Gallons

**AUTHORIZED LOCATION OF DISCHARGE:**

Name of receiving area: **Swale/detention basin on NE corner of project property**

Latitude / Longitude of Discharge Point(s) in:

*Decimal Degrees:*                      Latitude: **N 64.857778°**                      Longitude: **W 147.685278°**

**BRIEF DESCRIPTION OF PROJECT:**

Excavation dewatering wastewater pumped during installation of gas station storage tanks will be discharged to a drainage swale on NE corner of project lot. Wastewater will not reach surface waters and will infiltrate into the ground.

**ADDITIONAL SITE SPECIFIC PERMIT REQUIREMENTS UNDER THIS AUTHORIZATION:**

Monitoring required in section 1.4 of 2004-DB0101 for TSS, turbidity and iron is waived. Monitoring for TAqH and TAH will be replaced with DRO and VOC analyses since nearby contaminated site showed DRO and VOC contamination. One sample to be analyzed for DRO and VOC will be collected and submitted to laboratory prior to initiation of pumping. DRO and VOC samples shall be collected weekly during discharge. Flow volume shall be estimated or measured and reported, along with DRO and VOC analyses, as contained in section 1.6 of 2004-DB0101.

New regulations requiring a flat one-time fee for wastewater permits can be found in 18 AAC 72. A separate invoice will be mailed to your facility. In Accordance with 18 AAC 72.956 (or 18 AAC 72.959) a fee must be paid for each Notice of Disposal submitted.

The General Permit has already been determined to be consistent with the Alaska Coastal Management Program, provided the project is conducted in accordance with all conditions of the General Permit. Please review carefully all the conditions and stipulations in the permit to ensure they are understood.
