The DEC Drinking Water Program plans to update sections of 18 AAC 80 to address changes in regulatory requirements, as well as to improve the flow and functionality of the engineering plan review regulations. As a follow-up to previous meetings, we are seeking input from all interested parties on the content and format of the revisions before we begin the formal regulation amendment process. These meetings are open to the public

HOSTED BY:

VANESSA WIKE, P.E.
Statewide Engineering
Coordinator
DEC Drinking Water Program

DONNA GRYDER-BOUTET, P.E.
Principal
The Boutet Company, Inc.

WE'LL DISCUSS:

ARTICLE 2 UPDATES

Plan Review Process
Submittal Requirements
Master Plans
Plan Review Exceptions

ARTICLE 6 UPDATES

No New Requirements
Clarification and Reorganization

ALASKA WATER TREATMENT GUIDANCE MANUAL UPDATES

1994 Original Never Updated
