SOC Monitoring Waiver Renewal Application
2011-2013

Applicant's Statement for Renewal of the SOC Monitoring Waiver Application, to be applied to the 2011-2013 Compliance Period: ***All Renewal Applications must be submitted to DEC by December 31, 2012. This deadline is to allow the Department time to review the application(s) before the end of the first quarter of 2013.***

Public Water System: _____ PWSID: _____.

Number of Active Sources: _____

I am requesting that DEC renew my 2008-2010 SOC Monitoring Waiver Application for the 2011-2013 compliance period. I have reviewed a copy of the initial or original SOC Monitoring Waiver Application, and I hereby attest that:

1) This water system continues to use the same water source(s);

2) There have been no changes in the location of the well(s) or water source intake(s), and that the general characteristics of the water source(s) remain the same;

3) The amount of water used each year and/or the number of people using the water system remains the same. *(If more than 10% change in population or water usage, contact DEC to further discuss the impact of these changes prior to submitting this renewal form);*

4) I understand that the Waiver Review Area (WRA) will be based on Zone A of the Source Water Assessment delineated protection area. If Zone A encompasses the entire watershed, staff will delineate a fixed radius WRA. The WRA will not be the same as the one in the original SOC Monitoring Waiver Application;

5) I understand that susceptibility from SOC potential contaminant sources or activities will be determined by the Source Water Assessment contaminant source inventory. I also understand that if potential contaminant sources or activities are found within the WRA, I will be given an opportunity to verify their presence before the renewal application is denied;

6) I understand that if the renewal application is denied, the application fee will not be refunded and that subsequent monitoring for synthetic organic chemicals will be required.

_____ _____
Signature of Responsible Party Date

_____
Printed Name and Title

A renewal application processing fee of $99/source is required with applications. Incomplete applications will be returned unprocessed. Please make the check payable to the State of Alaska. Send this form and the required $99/source processing fee to: The Drinking Water Protection Program, DEC, 555 Cordova Street, Anchorage, AK 99501. DEC will notify all applicants in writing if the renewal application has been approved or denied.

Credit card payment can be made by providing contact name and phone number. DEC staff will contact you to coordinate payment.
