

**Remote Camps and Lodges With
Less Than 50 People
Solid Waste Statewide General Permit Application**
Alaska Department of Environmental Conservation
Solid Waste Program

DEC Office Only:

Landfill Name:

Authorization #:

Instructions

This application is for a Statewide General Permit for remote camps and lodges with an average daily population of less than 50 people.

This permit allows for the disposal of incinerated domestic solid waste, inert waste, and septage.

This permit will only be issued under the following conditions:

- Waste must be generated at a lodge or temporary camp with an average daily population of less than 50 people.
- Disposed waste must consist solely of incinerated domestic solid waste, inert waste, and septage.
- Annual volume of waste may not exceed 50 cubic yards of ash from incinerated domestic waste, 50 cubic yards of inert waste, and 5,000 gallons of septage.
- The camp or lodge must be located in a remote area with no year-round ground access to a system of connected roads with a total length of 100 miles or more **OR** all permitted landfills are more than 25 road miles away or have refused, in writing, to accept the waste.

If the remote camp or lodge has more than 50 people, or if the applicant is not able to meet other permit requirements, you should apply for a Class III Landfill Permit or the waste must be disposed in an existing permitted landfill.

If more space is needed to answer any questions, please attach additional documents.

If the required information is not applicable, please explain why.

Note: Remote camps housing fewer than 25 people may qualify for the DEC Food Safety and Sanitation's Temporary Camp Permit <http://dec.alaska.gov/eh/forms.htm>.

Section 1. General Information

Location (Nearest Community):

Legal Description:

General Description (i.e. mileposts, landmarks, distance and direction from nearest community):

Latitude:

Longitude:

Meridian:

Range:

Township:

Section:

Section 2. Fees

Submit payment payable to “State of Alaska” to cover the \$100 annual fee as listed in 18 AAC 60.700 Table I-4. If not included, the application will be returned to the applicant.

Subsequent annual fees will be billed each calendar year until DEC approves closure of the facility.

Section 3. Contact Information

Applicant:	Contact Name:		
Address:	City:	State:	Zip:
Email:	Phone:		
Type of Entity:	Individual	Partnership	Corporation Other:
State of Incorporation or Registration:	Alaska Business License Number:		
IRS Tax ID Number:			
Facility Owner:	Contact Name:		
Address:	City:	State:	Zip:
Email:	Phone:		
Landowner:	Contact Name:		
Address:	City:	State:	Zip:
Email:	Phone:		

Section 4. Project Overview

1.	This permit is for: A lodge or resort A temporary construction, mining, or logging camp (Temporary: operates less than 10 years)
2.	Number of people, including staff and guests (daily average for the months camp is operated)
3.	Is the facility in a remote area with no year-round ground access to a system of connected roads with a total length of 100 miles or more? Yes No
4.	Is the facility in a location where all permitted landfills are more than 25 road miles away or have refused, in writing, to accept the waste? Attach a copy of the written refusal, if applicable. Yes No
5.	Domestic waste and food garbage must be incinerated. Please describe how non-burnable wastes will be separated and how burnable wastes will be incinerated and the ash disposed.
6.	Type of burn unit used at the facility: Burn box, cage, or barrel. Model type: Incinerator. Model type:
7.	Describe equipment that will be used to apply weekly and end-of-season cover material (i.e. soil).

8.	Describe the source of cover material for weekly and end-of-season cover material (i.e. soil).
9.	If septage will be disposed, please describe how septage trench will be constructed and operated. Include a description of how lime will be added and septage tested to ensure it meets a pH of 12. Please indicate “N/A” if no septage will be disposed.

Section 5. Location Information

1.	Property Ownership and Location Information
	<p>a. Attach a copy of the deed or another legal document that identifies the landowner.</p> <p><i>Title of the Attachment:</i></p>
	<p>b. If the applicant is not the landowner, attach a written and notarized statement signed by the landowner showing that the landowner consents to the disposal site and agrees to the placement of a notation on the deed, or a copy of any lease agreement that is relevant to the proposed activity.</p> <p><i>Title of the Attachment:</i></p>
2.	Map
	Attach a map and/or aerial photographs as needed to show the following. You may submit maps that show more than one of the required items, such as one map can show property boundaries, disposal areas, etc.
	a. All planned disposal site areas (must be at least 50 feet from property boundary).
	b. Septage trench (if applicable)
	c. Buildings and structures
	d. Location of burn unit or incinerator
	e. Drinking water sources
	f. Any nearby surface water
	g. Roads, ditches, berms, fences, or other features
	h. Any nearby wetlands

Section 6. Acknowledgement and Agreements

Initial in the boxes beside each item to indicate you agree to the terms. If an item is not applicable, please indicate with an “N/A”.

	1.	We will ensure that only domestic waste ash, inert waste, and septage will be disposed at this site. Other types of waste are prohibited.
	2.	We will ensure that no more than 50 cubic yards of ash, 50 cubic yards of inert waste, and 5,000 gallons of septage are disposed at this site each year.
	3.	We will ensure that all combustible waste is thoroughly burned prior to disposal.
	4.	We will cover waste with 6 inches of soil at least once each week during the active season and with 12 inches of soil at the end of each season.
	5.	We will dispose of septage in a trench separate from other wastes.
	6.	We will treat and cover septage with lime as required in the permit.
	7.	Each calendar year, before December 31, we will submit a brief report to DEC on the current status of the facility as outlined in the permit.
	8.	We will close this facility and apply final cover within 60 days after the last waste is deposited.
	9.	We will submit a closure report to ADEC for approval within 90 days of final waste placement. The report will include: <ul style="list-style-type: none"> ➤ An updated site map showing the boundaries of the waste management area ➤ Documentation of the amount of waste deposited ➤ Evidence that the required notation has been made to the property deed ➤ Photos showing the integrity of the final cover
	10.	We will continue to pay annual fees for this site until the closure report has been submitted and approved by DEC.
	11.	We will correct and restore the cover of this disposal site at any time after facility closure is approved, if ADEC determines that there is a threat to human health or the environment.

Section 7: Signature

I certify under penalty of perjury, that all of the listed requirements will be completed as agreed to. I further certify that all information and exhibits in this application and associated documents are true, accurate, and complete.

Printed Name:	Title:
Signature:	Date:

All applications must be signed as follows per 18 AAC 15.030:
