Alaska Food Safety Advisory Committee (AFSAC)

Handwashing Poster Contest Sub-Committee

Group leader: Michel Villon

Members:

Activity: A contest offered to select K-12 classes around the state of Alaska. The object is for a few different grade levels to produce handwashing posters, with one winner from each level. (There may also be 2nd and 3rd place winners in order to get as much participation as possible.)

Prizes: Winning classes will get their poster design printed on T-shirts or a Plaque or something that honors them. Will attempt to get the contest and winners on TV news.

Timeline: We'll need to select classes and get school buy-in in January. Posters will need to be finished and judged by April.

More details to come.
