¹ Full funding of the Haines - Sewer Treatment Plant Health and Safety Upgrades project for \$2,317,000 will be dependent upon remaining available loan funds. The Department will negotiate with Haines to provide additional funds as they become available later in the year. Total available funding under this IUP is \$35,255,660, and is split on a ratio of 80/20 between Point Source Priority List (\$28,204,528) and Non-Point Source Priority List (\$7,051,132) projects. Note, any funding that is not awarded to Non-Point Source projects will be awarded to Point Source projects or vice-versa if necessary.

² Green Project Reserve Category Type: GIF - Green Infrastructure, WTR - Water Efficiency, ENG - Energy Efficiency & EIN - Environmentally Innovative. Green Project Justification Type: BC - Business Case / CAT - Categorical. Funding for Green projects is based on meeting a minimal required amount of \$838,800 under the State's capitalization grant for the program. Note, an extra 25 scoring points are awarded to Green projects.

³ Sustainability Policy - "Fix it First" - fix existing critical infrastructure; "Improve TFM" - improve technical, financial and managerial capacity of the system; and, "Planning" - planning and development of alternative projects that reflect the full life cycle cost of infrastructure.
