Notes:

- Property boundaries and parcel identifications are based on the Kenai Peninsula Borough KBP Parcel Viewer. Property boundaries should be considered approximate and are only shown for informational purposes.
- Benzene concentrations contours are based on the latest results for each well, weighted towards results from the April 2015 samples. See text and tables of Fiscal Year 2015 Shannon & Wilson monitoring report for data used to generate this map. Concentrations are in milligrams per liter and boundaries are approximate.
