
Notes:

1. Property boundaries and parcel identifications are based on the Kenai Peninsula Borough KBP Parcel Viewer. Property boundaries should be considered approximate and are only shown for informational purposes.

2. Benzene concentrations contours are based on the latest results for each well, weighted towards results from the April-May 2013 samples. See text and tables of June 2013 Shannon & Wilson monitoring report for data used to generate this map. Concentrations are in milligrams per liter and boundaries are approximate.
