| Provide a brief project description: | |
| | |

Section 602(b)(13) of the Federal Water Pollution Control Act (FWPCA 33 USC 1382(b)(13)) requires a recipient of a loan to certify that the recipient:

- A. has studied and evaluated the cost and effectiveness of the processes, materials, techniques, and technologies for carrying out the proposed project or activity for which assistance is sought under the Clean Water Fund Program; and
- B. has selected, to the maximum extent practicable, a project or activity that maximizes the potential for efficient water use, reuse, recapture, and conservation, and energy conservation, taking into account: (i) the cost of constructing the project or activity; (ii) the cost of operating and maintaining the project or activity over the life of the project or activity; and (iii) the cost of replacing the project or activity.

Project Certification:

We hereby certify that the project described above has met the requirements of Section 602(b)(13) of the FWPCA (33 USC 1382(b)(13), as set forth in items (A) and (B) above.
