

Alaska Department of Environmental Conservation
Division of Air Quality
Confirmation of Installation Location Statement
Per 18AAC 50.077(d)

State regulation **18 AAC 50.077 - Wood-fired Heating Device Standards** makes it unlawful to sell certain types of wood-fired heating devices for installation inside the Fairbanks North Star Borough (FNSB) PM2.5 Nonattainment Area unless they meet emission standards. Noncompliant devices may still be sold for installation outside of the nonattainment area if the buyer verifies in writing that the device will not be installed in the nonattainment area.

A description of wood-fired heating device standards, lists of devices that do meet State standards, and maps of the nonattainment area are available online at:

<http://burnwise.alaska.gov/standards.htm>

As the buyer of this wood-fired heating device that does not meet State emission standards, I confirm this device will not be installed or used inside the Fairbanks North Star Borough PM2.5 Nonattainment Area.

Name _____ Date _____

Signature _____

Device sellers must maintain a copy of this form and present it to DEC upon request.
