1. The map I sent you identifies the landfills and other potentially contaminated sites in the Community:

2. Are you aware of any other sites that may have been old landfills, tank farms, dumping sites, military sites, mining sites, etc. that are potential contaminated sites?

3. For each of these sites:

Where is it located?	What type of site was it?	Approximately what years did it operate?	What may have been dumped or spilled there?	Do you know how large the site is?	Contact
