

**SUPPLEMENTAL  
NOTICE OF PROPOSED CHANGES IN THE  
REGULATIONS OF THE ALASKA DEPARTMENT OF ENVIRONMENTAL  
CONSERVATION**

The Department of Environmental Conservation (DEC) proposes to adopt regulation changes in Title 18, Chapter 50 of the Alaska Administrative Code dealing with Air Permit Administration Fees and Emission Fees. This supplemental public notice is being issued to clarify the purpose of the public workshop and to clarify that written comments will be accepted at the public workshop scheduled for March 16.

18 AAC 50, Article 4 User Fees is proposed to be changed as follows:

- Repeal and readopt 18 AAC 50.400 to adjust the permit administration fees in 18 AAC 50.400 for permits subject to AS 46.14.130.
- Amend 18 AAC 50.410 to adjust the emissions fees for stationary sources subject to AS 46.14.130. Emission fee rates for portable oil and gas drilling operations will also be adjusted as a result of the changed emission fee rates.
- Amend 18 AAC 50.420 to align references to 18 AAC 50.400 and 18 AAC 50.410.

The proposed changes to fee rates are based on a fee study report done in compliance with AS 46.14.240(b) and AS 46.14.250(g) which requires that fees be evaluated periodically, and at least every four years, to determine if they comply with the statutes.
