**Galena Airport / Former Air Force Base
General Notice of Work**

This notice of work should be filled out for any planned work in the Galena Former Air Force Base / Airport which intersects a contaminated site. This form is used to help minimize work interference and identify potentially hazardous worker exposure to contaminated soils or groundwater. Review the Galena Land Use Control (LUC) Web Map prior to filling out this form. Include information on all LUC areas which work will impact. Fill out all required sections completely.

Note: This form is used for notification only. A work plan must be approved by ADEC before any work can be conducted in a contaminated site. Consult the Site Land Use Control Document for additional information on developing a work plan. You may attach a work plan to this document or submit it to ADEC separately.
