Dear Mr. Wilson,

SUBJECT: Crowley Marine Services Inc. Tank Farm Oil Discharge Prevention and Contingency Plans (Plans); former Yukon Fuel Company Plans.

The Alaska Department of Environmental Conservation (ADEC) received the Crowley Marine Services, Inc. (CMS) renewal applications on October 7, 2005 for the following Plans:

- CMS Bethel Tank Farm, Plan # 05-CP-2038
- CMS Ft. Yukon Tank Farm, Plan # 05-CP-3131
- CMS Galena Tank Farm, Plan # 05-CP-3132
- CMS St. Michael Tank Farm, Plan # 05-CP-3129
- CMS St. Mary's Tank farm, Plan # 05-CP-2190
- CMS Nenana Tank Farm, Plan # 05-CP-3167

The renewals request a change in ownership from Yukon Fuel Company (YFC) to CMS. The request includes page revisions reflecting the company and plan name change, signed certification pages, and notification page for each facility. These plans will be converted to the Crowley Format and all references to YFC or Yutana Barge Lines (YBL) will be converted to CMS prior to their original expiration date. The ADEC has determined that the proposed renewals for "Change of Ownership" from YFC to CMS will not diminish the planholder's ability to respond to an oil discharge [18 AAC 75.420(d)].

The ADEC has approved the proposed renewals. New certificates of approval for the above mentioned plans are attached. The original expiration dates for the plans remain in effect. If you have any questions, please contact Eric Breitenberger at (907) 451-2144, Natalie Howard at (907) 451-5960, or me at (907) 269-3094.

Sincerely,

Bill Hutmacher
Program Manager
