Division of Spill Prevention and Response
555 Cordova Street
Anchorage, Alaska 99501-2617

This application for a Nontank Vessel Cleanup Contractor (NVCC) is submitted to the Department of Environmental Conservation for approval as required by AS 46.04.035 and 18 AAC 75.521. The following information, as applicable, must be provided for each NVCC approval request.

Applicant Information:

- 1. Company name: _____
 Address: _____

 Telephone number: _____
 FAX number: _____
 Email address: _____
 Primary contact: _____ 24 hour tel. number _____

2. Date of this application: _____

3. NVCC Vessel Fuel Classification applied for: A B C

4. Region of Operation(s) Statewide

OR

- Southeast Prince William Sound Cook Inlet Kodiak Island
- Aleutian Bristol Bay Western Alaska Northwest Arctic North Slope

5. Attachments:

- a) Provide an inventory and description of equipment, personnel and other resources by region and physical location that demonstrates that the applicant meets or exceeds the requirements set forth in 18 AAC 75.561 for each vessel fuel classification for which this application is made.
- b) Provide a brief description of applicant's previous oil spill response activities.
- c) Describe any previous noncompliance, by the applicant, with any state or federal environmental law.
- d) Provide a current list of nontank vessel plans that rely on the contracted services of the applicant, the number of vessels covered by those plans, and the largest vessel response planning standard volume.

APPLICANT CERTIFICATION

I certify that each contract or membership agreement entered into as a registered Nontank Vessel Cleanup Contractor will obligate the applicant to (A) respond upon notification by the plan holder or response plan facilitator, as applicable; (B) notify the plan holder or response plan facilitator, as applicable immediately if the contractor cannot carry out the services specified in the contract, membership agreement, or nontank vessel plan; (C) give written notice at least 30 days before terminating the contract or membership agreement with the plan holder or the response planning facilitator, as applicable; and (D) in accordance with industry standards, maintain the equipment and other spill response resources listed in the application in a state of readiness.

I certify under penalty of unsworn falsification in violation of AS 11.56.210 that the statements made in this application are correct to the best of my knowledge. I acknowledge that knowingly providing false information, or a demonstrated inability to perform the services described in the application including the minimum registration standards in 18 AAC 75.561, may result in the revocation of registration under 18 AAC 75.570. I further certify that am authorized to sign this application on behalf of the applicant.
