Concentrate on oil deflected by KB-17-02.</p>	Deploy nearshore free-oil recovery strike teams upwind and up current of entrance to Hoen's Lagoon. Use aerial surveillance to locate incoming slicks.	Multiple nearshore free-oil recovery strike teams as required to maximize interception of oil before it impacts sensitive areas.	Seldovia Harbor or vessel platform	Via marine waters. See NOAA chart 16645-1.	Same as KB-17-02	FOSC Historic Properties Specialist should INSPECT site prior to operations.
