ANNEX N: SHORELINE CLEANUP AND ASSESSMENT GUIDELINES

There are several worthwhile documents that could be used as reference documents for shoreline assessment and clean up. These include the following:

- ***“Field Guide to the Documentation and Description of Oiled Shorelines,”*** Environmental Canada (March 1994)
- ***“North Slope Shoreline Oil Spill Countermeasures Manual,”*** Alaska Clean Seas (December 1994)
- ***“Shorelines and Oil Spill Response,”*** Texaco Western Region Response Team Training Course Handbook (April 1997)
- ***“Field Guide for the Protection and Cleanup of Oiled Arctic Shorelines,”*** Environment Canada (July 1996)
- ***“Alaska Shoreline Countermeasures Manual,”*** NOAA (April 1994)
- ***“Circumpolar Field Guide for Oil Spill Response in Arctic Waters,”*** Environment Canada (1998)
