Prevention and Emergency Response Program

SITUATION REPORT

INCIDENT NAME: Drill Site 6, Well 11, Mixed Product Spill

SITREP #: 3

SPILL NUMBER: 09399935501

LEDGER CODE: 14282160

TIME/DATE OF SPILL: The spill was discovered at approximately 10:30 AM, December 21, 2009 by a BPXA operator making a routine check. BPXA notified ADEC at approximately 11:17 AM on December 21, 2009.

TIME/DATE OF SITUATION REPORT: 2:00 PM on December 23, 2009

TIME/DATE OF THE NEXT REPORT: 12:00 PM on December 24, 2009

TYPE/AMOUNT OF PRODUCT SPILLED: The spill resulted from a 6-inch three-phase well line carrying a mixture of crude oil, produced water, and natural gas. The amount spilled is currently unknown.

LOCATION: Drill Site 6, Well 11, Prudhoe Bay, North Slope, Alaska.

CAUSE OF SPILL: The cause of the spill is separation of the well's 6-inch 3-phase flow line. The reason for the separation is under investigation.

POTENTIAL RESPONSIBLE PARTY (PRP): BP Exploration Alaska, Inc. (BPXA)

RESPONSE ACTION: Approximately 158,000 square feet of snow covered tundra, 50,000 square feet of reserve pit, and 14,000 square feet of gravel pad have been affected. Seventy two cubic yards of contaminated snow has been removed from the oiled area. Additional contaminated snow has been stockpiled on-site and is awaiting transport to the Grind and Inject Facility for disposal. The spill site delineation is complete. Twelve spill responders are removing snow from the tundra surface using hand tools, sleds and snow machines.

Currently, three ADEC Prevention and Emergency Response Program (PERP) responders are in Prudhoe Bay for this incident.

SOURCE CONTROL: The 3-phase line was automatically shut in by the well's safety shut-off valve.

RESOURCES AFFECTED: Snow-covered tundra, gravel pad, and reserve pit.

FUTURE PLANS AND RECOMMENDATIONS: Response workers will continue to remove contaminated snow from the tundra using hand tools, sleds, and snow machines. A skid steer loader will be used to clean the more heavily contaminated area near the well house. BPXA has submitted a revised clean-up work plan for ADEC review.

WEATHER: Clear, -3°F. Southwest winds at 8 MPH winds. Thursday, mostly clear. Highs 5 above. East winds 15 to 25 mph.

UNIFIED COMMAND AND PERSONNEL:

Incident Commander: Greg Cooke, BPXA

F.O.S.C. :

S.O.S.C. : Tom DeRuyter, ADEC

Field S.O.S.C.: Wes Ghormley, ADEC

FOR ADDITIONAL INFORMATION CONTACT: Paul Lhotka, ADEC, (907) 451-2175
