Purpose of Meeting:

This meeting will address the ongoing development of Potential Places of Refuge (PPOR) for supplementing the [Southeast Alaska Subarea Contingency Plan](#) (SCP).

In order to ensure an effective meeting, please review the project website prior to the meeting and be prepared to provide comments and additional nominations of PPOR sites. All meeting materials will be posted on the workgroup page: <http://www.dec.state.ak.us/spar/perp/seakpor/wg.htm>

In the first phase of this project, the workgroup has developed documents that will appear in the Potential Places of Refuge section for the Southeast SCP. These documents will support decision makers in the event of a vessel emergency in 4 of the 9 response zones in SE Alaska. These documents are available at the [project website](#). The primary purpose of the meeting will be to briefly review the documents developed in the first phase of the project and review, discuss and nominate additional Potential Places of Refuge sites in the remaining 5 zones. Maps of the remaining zones with nominated PPOR sites from the first phase are available at these links:

[Zone 1](#)

[Zone 4](#)

[Zone 2](#)

[Zone 9](#)

[Zone 3](#)

If unfamiliar with the PPOR project, prior to the meeting review the document [Guidelines for Places of Refuge Decision-Making](#), produced by the Alaska Regional Response Team and the following web site, [Places of Refuge for Alaska](#). Reviewing these sites and the accompanying documents on these webpages will familiarize participants on the workgroup process and help in decision-making during the meeting.
