Narrative of events while onboard this ship

No problems while on ship. Incident report filed regarding sheen on water Ketchikan, not from ship. Good access usually went to engine control room on own. Engine personnel very cooperative.

List Practices observed that were innovative or commendatory

Good wastewater system. Ship tests daily and gets regular feedback from manufacturer. Also has good electronic and visual alarms. Ship takes oil to sea interface readings each watch and prints out opacity readings each watch. Ship has new plastic shredder and newer glass crusher. Ship uses handheld room key reader to lessen possible germ transmission from handling. Ship has suggestion program for improvements with cash rewards for crew.

Narrative of the cooperation provided from cruise ship personnel

Cooperation good.
