11 TOXICOLOGICAL INFORMATION

No toxicological limits have been established for the product.

ACUTE TOXICITY	This product is not expected to be harmful to skin.
CORROSIVITY/IRRITATION	This product may be harmful if ingested.
SENSITISATION	This product is not expected to be hazardous by inhalation.
OTHER INFORMATION	The micro-organisms belong to hazard class 1, defined by the Advisory Committee on Dangerous Pathogens (ACDP) as unlikely to cause human disease. There is no data available for Repeated Dose Toxicity, Mutagenicity, Carcinogenicity or Reproductive Toxicity.

12 ECOLOGICAL INFORMATION

No ecological limits have been established for the product.

BIO-ACCUMULATIVE POTENTIAL	Completely water-soluble and bio-degradable. Bio-accumulation is not expected.
OTHER ADVERSE EFFECTS	At levels found in effluent, the product should have no adverse effect whatsoever on biological treatment plants.

13 DISPOSAL CONSIDERATIONS

PRODUCT	Dispose of spillages in suitable containers, according to local, regional and national regulations.
PACKAGING	Dispose of empty containers according to local, regional and national regulations.

14 TRANSPORT INFORMATION

NOT HAZARDOUS FOR TRANSPORT

15 REGULATORY INFORMATION

EEC CLASSIFICATION	NOT CLASSIFIED AS HAZARDOUS
RISK PHRASES	None required.
SAFETY PHRASES	None required.

16 OTHER INFORMATION

The information given in this data sheet has been compiled using information from the Approved Code of Practice for the compilation of data sheets, Chemicals (Hazard Information and Packaging for Supply) Regulations 2002.

This information is accurate according to the best knowledge of the company. Hepburn Bio Care UK Ltd does not accept any liability whatsoever arising out of the use of the information, or any use, application, adaptation or processing of the product described therein. Contact supplier for further information.
