

**Alaska Department of Environmental Conservation - Village Safe Water Program
2011 Multi-Year Priority List**

Community	Scope
Adak	Water and sewer improvements relating to the downsizing of the existing system.
Akiachak	Service lines and plumbing for West Section and water and sewer mains, service lines, and house plumbing for East Section of Akiachak.
Alatna	Phase IV of the Water Supply and Sewage Collection and Treatment Project.
Anderson	Lagoon, septage facility, force main, collection system, and Phase II of a lagoon.
Aniak	Design and construction of sewer service to East Aniak and manhole replacements.
Atka	Phase IV improvements including a water storage tank, water transmission line, and sewer collection routing.
Bethel	Design and construction of a piped water distribution system to provide service to the institutional corridor.
Buckland	Design and construction of a piped water system, sewer lagoon, water treatment plant and sewer collection system.
Chenega Bay	Water treatment plant upgrades, a water storage tank, sewer main replacement, a septic tank pumper and sewage collection system expansion.
Chignik Bay	Phase IV of wastewater system improvements including lift stations, forcemains, ocean outfall, gravity sewer, and sewer services.
Chistochina	Washeteria and core community piped water and sewer system, including development of a new groundwater source.
Chuathbaluk	Piped sewer system and road improvements and the completion of design and construction of a water and sewer system.
Colfman Cove	Water storage tank, new water source intake, lift station upgrades and system extension.
Crooked Creek	Final phase of piped water and sewer, including water source and distribution, sewer collection and disposal systems.
EEK	Water and sewer service to homes according to approved master plan.
Ekwok	Sewer system improvements in the City of Ekwok including expansion of the piped sewer system; upgrade of lift station, expansion of the sewage lagoon; and drainfield replacement.
Emmonak	Replacement of water and sewer mains and upgrades to the water circulation system.
False Pass	Sewage collection mains, septic tanks, ocean outfall, and service lines.
Fort Yukon	Design and construction of a sewer collection system for Zones 4, 5, and 6, water services and a water storage tank.
Gambell	Design and construction of a water storage tank and water and sewer system improvements.
Glennallen	Design and construction of the final phase of the hub sewer extension.
Golovin	Design and construction of a new water storage tank.
Hooper Bay	Design and construction of a community piped water and sewer system.
Kasaan	Design and construction of a water treatment plant and water storage tank.
Kasigluk	Design and construction of piped water and sewer system for New Kasigluk and water and sewer haul service of Old Kasigluk.
Kongiganak	Design and construction of a water tank, vacuum sewer plant, water source improvements, vacuum sewer mains, and house services.
Kotlik	Design and construction of piped water and sewer system extensions to island subdivisions.
Kotzebue	Design and construction of improvements to the sewage collection, water distribution, water transmission, and water treatment systems.
Lower Kalskag	Design and construction of a piped water and sewer system.
Manokotak	Water source and sewage disposal improvements for Manokotak Heights, water distribution and treatment plant improvements.
Marshall	Replacement of the north end water and sewer mains; extend sewer main to community center; design and replace water and sewer mains in Pilcher No 3 HUD housing area; complete replacement of the south end sewer; and lagoon repair and expansion.
McGrath	Design and construction of water distribution systems, a sewage lagoon, water treatment plant, water source, water intake, waste heat system, and septic tank effluent pump station improvements.
Nanwalek	Piped water and sewer system replacement.
Nightmute	Design and construction of a sewer lagoon, road improvements, sewer main, force main and lift station.
Niniilchik	Piped water and sewer system for the old village town site, community washeteria and community haul system.
Nunapitchuk	Water treatment plant, water storage tank, washeteria upgrades, a sewer lagoon addition and development of a new water well.
Old Harbor	A new water treatment plant, water storage tank, and water main connection.
Pelican	Water source, treatment, and storage, sewer lift station upgrades; water distribution and sewer collection system expansion; and wastewater treatment improvements.
Pilot Point	Design and construction of water and sewer service upgrades.
Pitkas Point	Design and construction of a sewer force main, piped water and sewer and purchase of a vacuum sewer trailer.
Quinhagak	Additional piped water and sewer system, including water and sewer mains and services, water source, treatment and storage upgrades.
Saxman	Design and construction of a water treatment plant.
Seldovia	Water and sewer pipe replacement and water and sewer upgrades.
Shageluk	Water source system, storage tanks, water treatment plant, water and sewer mains, service lines and house plumbing.
Slana	Design and construction of Individual on-site wells and septic systems.
Stebbins	Phase one of the community water and sewer system including water storage reservoir and for the design and construction of a piped water and sewer system for the North and South Service areas.
Takotna	Design and construction of a water storage tank and water and sewer system upgrades.
Tanana	Design and construction of improvements to the sewage and piped water and sewer extension to 26 homes.
Togiak	Upgrades and repairs to the water treatment plant and replacement of mains and water and sewer service lines.
Toksook Bay	Design and construction of a new water treatment plant, storage tank, water and sewer mains, service lines and well lines.
Tuluksak	Design and construction of a water plant, lagoon, and piped water and sewer system.
Tuntutuliak	Community-wide water and sewer improvements including a sustainable water distribution system and a wastewater collection system.
Tununak	Design and construction of a flush and haul system.
Unalakleet	Design and construction of water transmission lines, sludge beds and lagoon improvements.
Voznesenka	Water mains, service lines, water treatment plant, water storage tank insulation, and individual septic systems.
Wales	Design and construction of a washeteria and water treatment plant.
