On October 31, 2012, the State of Alaska Department of Environmental Conservation assumed authority over this permit. In compliance with the provisions of the Clean Water Act, 33 U.S.C. §1251 *et seq.*, as amended by the Water Quality Act of 1987, P.L. 100-4; this permit is issued under provisions of Alaska Statutes 46.03; the Alaska Administrative Code as amended; and other State laws and regulations. This permit may be terminated, modified, or renewed under provisions of Alaska Statute and the Alaska Administrative Code.

The Operator of a point source discharge of pollutants (i.e., discharge) resulting from the application of pesticides and eligible for permit coverage under Part 1.1 and located in an area identified in Appendix C where this permit is available is authorized to discharge to Waters of the United States in accordance with the requirements of this permit. This permit is structured as follows:

- General permit conditions for all Operators are found in Parts 1 through 8;
- State – and tribal-specific permit conditions that apply to all Operators in those specific State or Indian Country Lands are found in Part 9;
- Definitions of terms used in the permit and standard permit conditions that apply to all Operators are found in Appendices A and B, respectively; and
- Permit forms, worksheets, and templates are found in Appendices D through G.

This permit becomes effective on October 31, 2011.

This permit and the authorizations to discharge at midnight, October 31, 2016.

An individual authorization to discharge under this permit shall become effective as specified herein.

The permittee shall reapply to continue coverage under this permit prior to the permit's expiration date, in accordance with the time frame established herein, if the permittee intends to continue operations and discharge(s) at the facility beyond the term of this permit.
