

Instructions for Opening and Operating the "INTERACTIVE TRAINING CD"

Please follow the instructions below for the downloadable version of ADEC's Interactive Training Course:

1. Click the link to download the Zip File:
http://dec.alaska.gov/water/wwdp/download/Adec_Septic.zip. The zip file can also be downloaded from the ADEC Website page for homeowners.
2. The download manager will ask "What do you want to do with adec_septic.zip?" --> Select "Open" (Depending on your download speed this may take a few minutes).
3. When file has finished downloading, a window will open showing the ADEC_Septic Zip file. "Double Click" to open the file.
4. "Double Click" ADEC_Septic.exe
5. Select the "Extract all" option; choose a destination for extracted files or leave the default location.
6. When windows has finished extracting the file, a window will open showing the ADEC_Septic file again. "Double Click" to open the file.
7. Double Click ADEC_Septic.exe (The executable file now has a red icon with white arrow).
8. Select "RUN" to begin the Interactive training course.
9. Follow the instructions to complete the course and the test questions.
10. At the end of the course, when you have answered all of the questions correctly, you will be able to print the application for the Approved Homeowners Program.

Please fill this form out and mail or bring in your application and payment to your local ADEC Office.
