

**ALASKA DEPARTMENT OF ENVIRONMENTAL CONSERVATION**  
**Division of Air Quality**

**FNSB Air Quality Stage 2 Alert**

**LOCATION(S) IMPACTED:** North Pole Zone

**EFFECTIVE: TIME/DATE:** Tuesday January 5, 5:00 PM

**EXPIRES: TIME/DATE:** Thursday January 7, 2:00 PM

**ALERT TYPE:** Stage 2– Curtailment required, see below for details

**EXCEPTIONS:** NOASH waiver holders only

**MANDATORY ACTION REQUIRED BY RESIDENTS;** All solid fuel-fired devices must cease operation, within three hours of the effective time of alert, unless the exceptions above apply. All **WAIVER HOLDERS** are still required to meet the 20% visible emission or opacity limit during any air quality episodes/alert. Residents should rely instead on their home's cleaner source of heat (such as a gas or fuel oil fired furnace or boiler or electric baseboard heaters) until the Stage 2 alert is canceled.

This does not apply during a power outage.

**OUTDOOR OPEN BURNING:** ALL OPEN BURNING IS PROHIBITED in the PM<sub>2.5</sub> Nonattainment area from November 1st – March 31st, including the use of burn barrels, bonfires, campfires, and ceremonial fires.

**ADDITIONAL Voluntary Actions:** Plug In at 20 degrees or colder, ride the bus, or carpool

**FORECAST:** Clear to partly cloudy skies and colder temps will support a strengthening inversion today through Thursday resulting in poor to very poor dispersion. We are forecasting the North Pole air quality to remain **Unhealthy for Sensitive Groups** with periods of **Unhealthy** or worse during the alert period, with 24hr average PM<sub>2.5</sub> values >30ug/m<sup>3</sup> for next 48 hours

**Stage 2** restrictions are called once levels are forecasted to or have reached an **UNHEALTHY for SENSITIVE GROUPS** or higher category

Air Quality Category	Cautionary Statements
<b>Good</b>	None
<b>Moderate</b>	Unusually sensitive people should consider reducing prolonged or heavy exertion.
<b>Unhealthy for Sensitive Groups</b>	People with heart or lung disease, the elderly and children should reduce prolonged or heavy exertion.
<b>Unhealthy</b>	People with respiratory or heart disease, the elderly and children should avoid prolonged exertion; everyone else should limit prolonged exertion
<b>Very Unhealthy</b>	People with respiratory or heart disease, the elderly and children should avoid any outdoor activity; everyone else should avoid prolonged exertion
<b>Hazardous</b>	Everyone should avoid any outdoor exertion; people with respiratory or heart disease, the elderly and children should remain indoors

**Note:** Air Quality readings are from monitoring stations in Fairbanks and North Pole and may not be representative of your neighborhood. If you are sensitive to air pollution, or experience any respiratory problems, please follow the instructions of your physician
