Re: AT&T Alascom Rabbit Creek Communications Site; No Further Action Status, 94-21-01-274-α

Ms. Kimberly Miles,

The department has received and reviewed your letter of February 13, 1996 providing additional water quality data for the Rabbit Creek Site. After review of these data the department concurs that this site is considered sufficiently remediated to meet State of Alaska standards. A "No Further Action" status is herewith assigned.

Sincerely,

Ray Dronenburg
Site Project Manager
