Re: Reminder of Notice of Environmental Contamination

This letter is to remind you that contamination in soil and/or groundwater remains at the site known as Egegik Light & Power, Hazard ID 2149. Records available to the Alaska Department of Environmental Contamination (ADEC) indicate that you are the current owner of the above-mentioned property.

The attached Notice of Environmental Contamination was filed with the Alaska Department of Natural Resources Records Office in 2015 and it will remain on your property deed until it is demonstrated to ADEC that contaminant concentrations in soil and/or groundwater are below the approved ADEC cleanup levels found in Title 18 of the Alaska Administrative Code, Chapter 75 (18 AAC 75). In addition, you are required to notify the ADEC if there are any changes in land use or ownership.

Alaska Statutes Title 34 outlines your responsibilities with regard to property transfers, which may include environmental disclosures and penalties for non-performance.

This site information is a matter of public record and is available from ADEC's online database at:
