Melissa and Mr. Tsukada,

The FINAL work plan provided to ADEC via attachment to Melissa's September 7, 2018 e-mail communication is approved for implementation.

Thanks for providing the FINAL work plan for our review, processing, and approval.

Safe travels! Hope the field work goes well for all involved.

Best regards,

Good Afternoon Paul,

On behalf of Integrity Environmental LLC and their client, Aleut Enterprise, LLC, please find attached the Final Pipeline Release Soil Sampling Work Plan detailing follow-on sampling at the Reeve Avenue ditch in Cold Bay, Alaska. This work plan has been updated with your suggested edits to the laboratory analyses as well as the corrected Field Sampling Guidance citation.

Thank you and please let us know if you have any questions,

Mr. Tsukada,

We have received and reviewed the Susitna Environmental prepared work plan for additional soil sampling and analyses at the Fuel Tan Return Pipeline Spill site. Thank you for authorizing the preparation and submittal of this work plan.

Attached is a conditional work plan approval decision. We are available to discuss this further, as desired.

Best regards,
