Re: Kasilof Riverview Lodge
ADEC Hazard ID #384
ADEC Monitoring Well Sampling Work Plan Approval, with Condition

Dear Mr. Browning:

On June 7, 2019, the Alaska Department of Environmental Conservation, Contaminated Sites Program (ADEC), received EHX's (Eric Henry's) June 3, 2019, Monitoring Well Sampling work plan for the Kasilof Riverview Lodge "site". Thank you for coordinating to have this work plan prepared and provided to our office.

This work plan is approved contingent upon compliance with the following condition:

- 1) A "trip blank", prepared by the laboratory and provided in the laboratory sample kit, must be included and analyzed by the laboratory under the sampling event, because of the GRO and volatile petroleum hydrocarbon analyses being performed on the water sample from MW-1.

If there are any questions about this ADEC work plan approval decision, or any other aspect of this project, please contact me at (907) 262-3422, or by e-mail at paul.horwath@alaska.gov.

Sincerely,

A handwritten signature in blue ink that reads "Paul Horwath".

Paul Horwath, P.E.
Project Manager
