

ArcGIS Snip 6/19/2019:

The image is a screenshot of an aerial map in ArcGIS. The map shows a large, light-colored, sandy area, likely a mine site, situated in a valley. A road labeled "Healy Spur Rd" runs through the site. A yellow warning triangle icon is placed on the map, and a pop-up information window is open over it. The window title is "Contaminated Sites: ADNR Suntrana Mine Site". The window contains a table with the following data:

Contaminated Sites: ADNR Suntrana Mine Site	
HAZARD_ID	1086
Site_Name	ADNR Suntrana Mine Site
File_Number	150.38.027
Staff	IC Unit
Status	Cleanup Complete - Institutional Controls
Comment	Site symbol

Below the table is a "Zoom to" link. The map interface includes a zoom control in the top left, a scale bar at the bottom left, and the Esri logo at the bottom right. The copyright notice at the bottom reads: "© 2019 Microsoft Corporation, © 2019 DigitalGlobe, ©CNES (2019) Distribution Airbus DS, ©...".
