Dear Ms. Bentz:

On May 27, 2020, the Alaska Department of Environmental Conservation (ADEC) received the Interim Removal Action Work Plan, dated May 27, 2020, for the Delta Western Tank Farm – Dillingham site. Farallon Consulting, L.L.C. prepared this work plan on behalf of Delta Western, LLC. Thank you for providing this work plan for our review and response. The plan is approved with the following condition:

- 1) The groundwater seep will be sampled two additional times in conjunction with the new monitoring well to determine if well results are comparable to and representative of seep sample results.
