On August 30, 2022, the Alaska Department of Environmental Conservation, Contaminated Sites Program (ADEC), received Trihydro's August 30, 2022 SI Area Supplemental Groundwater Remedial Action Plan, submitted to the EPA and copied to our Program. The Remedial Action Plan has been reviewed and approved by the State.

If there are any questions about this ADEC approval, or any other aspect of this project, please contact me at (907) 262-3412, or by e-mail at peter.campbell@alaska.gov

Sincerely,
