Annual November 2023 Groundwater Monitoring Report - ADEC Report Approval

Mr. Swaisgood:

On November 21, 2023, the Kenai Area Office of the Alaska Department of Environmental Conservation (ADEC), received Stantec's, Annual November 2023 Groundwater Monitoring Report for the Tesoro 2 Go Mart #101 "site" (Speedway Store 5313). This report is approved.

It appears that EDB can be eliminated as a contaminant of concern based on sampling data. There were no detections during the last round of sampling, and it can be eliminated from the sample suite.

If there are any questions regarding this approval, or any other aspect of this project, feel free to contact me at (907) 262-3412, or via e-mail at peter.campbell@alaska.gov

Sincerely,

Peter Campbell
