Re: Kenai Pipeline Company – Bernice Creek Surface Water Sampling Work Plan
ADEC Comments and Plan Approval

Ms. Plate:

On April 26, 2024, the Alaska Department of Environmental Conservation, Contaminated Sites Program (ADEC), received the Bernice Creek Surface Water Sampling Work Plan, dated April 26, 2024. This document was prepared by Trihydro Corporation. The work plan is approved with the following comments.

Since Bernice Creek surface water and sediments were found to be impacted in the 1996 sampling, include sediment sampling in this event, collocated with surface water samples.

If you have any questions on any aspect of the project, please contact me by e-mail at peter.campbell@alaska.gov

Sincerely,

Peter Campbell
